CONTINUES ON REVERSE >>

Like many investors focused on sustainable and responsible investing (SRI), Trillium's environmental, social, and governance (ESG) criteria attempt to identify the companies best positioned to deliver strong long-term financial performance. Trillium's ESG research is focused on selecting companies that are meeting positive thresholds of performance for ESG issues, such as strong workplace practices, a demonstrated record of producing safe products for consumers, protecting the environment, fair compensation for employees and executives, and respecting and upholding human rights. The following metrics attempt to quantify Trillium's exposure on key ESG issues. These may not reflect all of the criteria Trillium considers for inclusion in our portfolio.

Trillium's Fossil Fuel Free Core Strategy is 77% less carbon intense than its benchmark, the S&P 1500

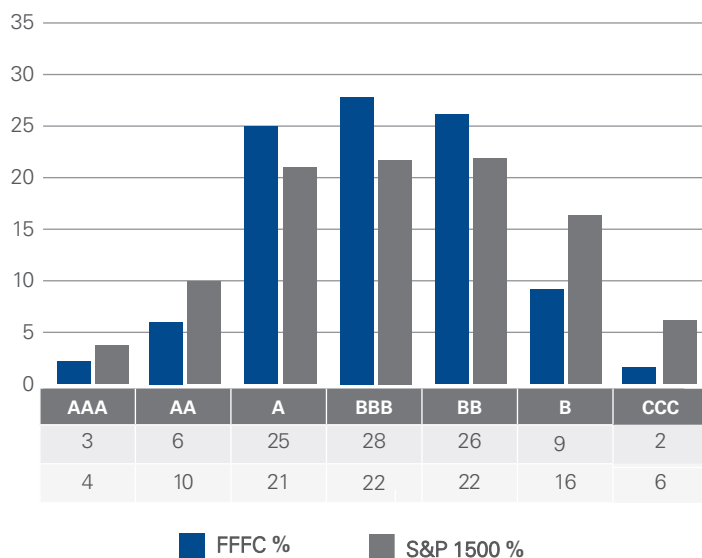

SOCIAL AND GOVERNANCE METRICS	FFFC	S&P 1500
Companies with 20% or More Women on the Board*	65%	65%
Companies with 80% or More Board Independence*	67%	72%
Companies with an Independent CEO/Board Chair*	60%	45%
Carbon Disclosure Project Participant *	72%	70%
Average Annual CEO Total Compensation (Millions)**	\$11.6	\$8.0

CARBON FOOTPRINT METRICS*	FFFC	S&P 1500
Scope 1 Emissions Metric Tons	194,280	6,390,771
Total Carbon Emissions Metric Tons	756,738	7,591,816
Total Carbon Emissions Intensity t/USD million sales	51.21	221.17

Scope 1 Emissions are direct emissions from owned or controlled sources. Total Carbon Emissions measures Scope 1 emissions as well as indirect emissions from the generation of purchased energy.

Carbon Metrics measures carbon emissions and intensity associated with companies held in the Fossil Fuel Free Core Strategy. The total carbon emissions intensity, or the carbon footprint, represents the company's most recently reported or estimated (for 12/31/2016) Scope 1 + Scope 2 greenhouse gas emissions normalized by sales in USD, which allows for comparison between companies of different sizes.

MSCI IVA Ranking

Represents the weighted average score. Ratings are expressed as letters ranging from AAA, which is the highest grade, to CCC, which is the lowest grade.

Data represents a weighted average
